Forecast for Wednesday 11 Nov 2020

Weather: A band of rain will push in from the west during the early hours and continue to feed in throughout the day. This will bring low cloud across the area, with prolonged heavy outbreaks of rain. Southerly winds will be strong throughout the day with a high chance of gales.

Chance of cloud free mountain/hill tops above 800m: Very low throughout.

Visibility: Moderate at lower levels but poor at height.
